

drinking tap water, flush your pipes for several minutes by running your tap, taking a shower, doing laundry or a load of dishes. You can also use a filter certified by an American National Standards Institute accredited certifier to reduce lead in drinking water. If you are concerned about lead in your water and wish to have your water tested, contact St Cloud Waterworks (Tony Steffen at (920) 808-3609). Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available at <http://www.epa.gov/safewater/lead>.

Additional Information on Service Line Materials

We developed an inventory of service lines connected to our distribution system. You can access the inventory by following these instructions: Visit the village website at stcloudwi.gov.
